

I feel that it is not a good Idea to interrupt the service Air1 does for the communities that listen to it. I feel that they make a positive influence on all the listeners in Pomona area. They serve the community through numerous activities and are an asset to the country. If you allow them to be taken off the air you are doing the community a disservice. Without this radio station the community will be negatively affected because a positive light will have gone out. Please don't hurt Air1 by changing the radio stations.
